PROFESSIONAL SUMMARY

Artificial Intelligence student (Faculty of Artificial Intelligence, AAST) and freelance web builder specializing in fast, animated, AI-optimized websites for brands, using entirely no-code and AI-assisted development tools. Delivers full websites from concept to deployment for real clients, combining UI/UX design, modern animation, and AI automation. Self-taught, detail-oriented, and driven by hands-on execution over theory. National-level robotics competitor with a strong foundation in design software and rapid skill acquisition.

SKILLS

- **AI & No-Code Development:** Bolt.new, v0.dev, Cursor, AI-assisted coding, AI Automation workflows
- **Frontend & Animation:** HTML, CSS, JavaScript, GSAP, Three.js, LottieFiles, responsive UI/UX design
- **Design Tools:** Figma, Canva, Adobe Photoshop, Adobe Illustrator
- **Hosting & Deployment:** Vercel, Netlify, GitHub
- **Client & Workflow Management:** Wave, Loom, Calendly
- **Languages:** Arabic (Native), English (Fluent)
- **Other:** Fast typing speed, rapid self-directed learning, strong ownership of end-to-end projects

FREELANCE & PERSONAL PROJECTS

Sooki — Handmade Pharaonic Accessories Brand Website *(In Development)*

- Designed and built a complete brand website end-to-end for a handmade accessories business, from UI design to deployment, using AI-assisted no-code tools
- [Live preview: sooki-henna.vercel.app](https://sooki-henna.vercel.app)

What The Crust — Restaurant Website *(In Development)*

- Building a responsive, animated website for a well-known pizza restaurant brand in Egypt, focused on visual identity and user experience
- [Live preview: what-the-crust-t974.vercel.app](https://what-the-crust-t974.vercel.app)

Monoplay — Board Game & Card Game Venue Website *(In Development)*

- Developing a full website from concept to deployment for a board game and card game venue, handling design, animation, and hosting
- [Live preview: monoplay-board.vercel.app](https://monoplay-board.vercel.app)

EDUCATION

B.Sc. in Artificial Intelligence — In Progress (3rd Year)

Faculty of Artificial Intelligence, Arab Academy for Science, Technology & Maritime Transport (AAST), Egypt

CERTIFICATIONS & TRAINING

- Multimedia Diploma
- Multiple English Language Courses

ACHIEVEMENTS

- 2nd Place, RoboCup Junior Egypt — national robotics competition
